

SANDIEGO, 2010 EMPLOYER OF CHOICE FORUM

LOOK WHO'S PARTICIPATING

2010 will be a watershed year for HR. Most companies will be challenged to refocus, re-engage and retain top performers. Join forward-thinking HR leaders in leading-edge dialogue about workplace excellence, share best practices, and take away practical ideas and strategies to strengthen your company's reputation as an employer of choice. Your company's success may depend on it.

This will be the fourth year my HR managers and I participate in the Forum. If you're committed to being an employer of choice, you should definitely attend!
